About

Located in Istanbul, Eloksi is a manufacturer of built-in ovens and refrigerators door handles, hob knobs and profiles.

All steps of the production of the handles and profiles are carried out in our own manufacturing plant in Turkey. Focusing on the customized needs of our local and international customers, we offer a tailor-made and boutique service.

Any kind of customization is warmly welcome (including but not limited to type of material, color, coating type, dimensions).

Founded in 2013, Eloksi enjoys the founders' over 20 years of experience in the industry.

We have highly strict QA/QC (Quality Assurance and Quality Control) policies, starting from the inlet of raw material to the delivery of the goods.

We do not compromise the quality and high-level standards while growing gradually.
